June 14, 2005

Ms. Nada Saab has been an excellent student teacher. I have known Ms. Saab since March 2005, when I was her Student Teacher Supervisor for a semester. She exemplifies the qualities of a successful teacher. She is encouraging to her students and innovative in implementing current teaching techniques. She also designs creative and critical thinking lessons, and has excellent writing skills. Both her journals and lesson plans are well thought out and reflective. She is an excellent teacher who is committed to education.

Ms. Saab also behaves in a professional and ethical manner. She is empathetic and works well with both the children and her co-workers. She exhibits a genuine understanding and warmth. She has excellent organizational skills and shows skill in making instructional assignments that stimulate creative and critical thinking.

Lastly, Ms. Saab has a very positive attitude. I believe that Ms. Saab will be an exceptional teacher who will be successful in the education profession and whom I can not laud enough.

Sincerely,

Willie L. Nicholson
